

## TWO RIVERS ROTARY CLUB

### THE FINAL PUSH FOR ERADICATION OF POLIO IN THE WORLD

OCTOBER, 2009

*"Long after this polio is eradicated, you will sit back and be proud to be a part of that history."*

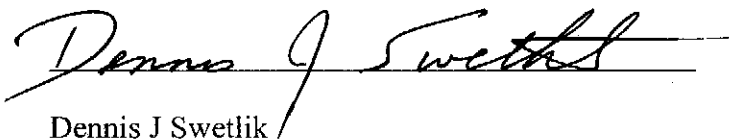

The above comment from *The Final Inch* documentary summarizes the feeling we will realize when the world is free of polio. Since 1985, ending polio has been Rotary's top philanthropic goal. Polio cases have been slashed by 99% worldwide; however, polio still exists in India, Afghanistan, Nigeria and Pakistan.

Rotary has teamed up with the Bill and Melinda Gates Foundation for the final push for freedom from this disease. Rotary International has a \$200 million challenge to match against a \$350 million challenge grant from the Gates Foundation for this last drive. Rotary District 6270 has asked that each club contribute at least \$1000 per year for three years as our contribution to the effort.

At this point, I ask you to consider a contribution to this cause. A contribution of \$25 per quarter computes to less than 28 cents per day. This pledge is for three-years only and your contribution is eligible for Paul Harris recognition.

Thank you for considering a contribution to this worthwhile project.

Sincerely,

Dennis J Swetlik

I, \_\_\_\_\_, have given consideration to contributing to the final drive to eradicate the world of polio. I would like to donate-

\_\_\_\_\_ \$25 per quarter for the next three years. I would like my contribution to go toward my Paul Harris recognition.

\_\_\_\_\_ \$50 per quarter for the next three years. I would like my contribution to go toward my Paul Harris recognition.

\_\_\_\_\_ \$\_\_\_\_\_ per quarter for the next three years. I would like my contribution to go toward my Paul Harris recognition.

\_\_\_\_\_ I am unable to make a donation to this cause at this time.
